LOCAL MATTER.

E. C. WOODSON, City Editor

LOCAL BRIEFS.

Senator Pool returned to this city yesterday.

Hon. C. L. Cobb and Lady, of Elizabeth City are at the National Hotel.

An un Fair acquittal—The acquittal of Mrs. Laura Fair, because she is *fair*.

In consequence of the continued sickness of the Mayor, there was no sesson of the court yesterday.

Serenading parties are enlivening the fleeting hours of the night—and the practice is getting to be quite "the thing."

By the number of boxes of candles received here yesterday, a person is led to believe that somebody contemplates starting opposition to our Gas Company.

The "wild man of the Brazils" which was on exhibition in this place last Spring has turned up as a waiter in a Baltimore Restaurant. He fills the bill of fare.

Business brisk and lively. Cotton receipts yesterday 171 bales—and sold readily at 17 cents in the morning with a slight improvement in the evening and a better feeling.

Jas. S. Whedbee, of the firm of Whedbee & Dickinson, cotton factors, Baltimore, Col. Robt. Strange, of Wilmington, C. M. Hawkins, of Hawkins & Co., Baltimore, and H. Fetter, Esq., are at the Yarborough.

Col. Simon G. Hays, a town-raised farmer, carries his chair with him in the cotton field, and moves from one stalk to the other, chair in hand. We are curious to know how the Colonel can sit in his chair and pick cotton from those tremendous high stalks he has been telling us about.

Bosier & Potter of 31½, will re-open their restaurant this evening. Having secured one of the best cooks in the State, they will spread upon their boards to night the very best Nansemond River oysters, in any and every style. They ask of their old friends and customers a trial, and promise satisfaction.

PRESS BROKEN.—While the inside form of the last issue of the Goldsboro *Messenger* was being worked off yesterday, the lever of the press was broken, which may necessitate the loss of its next issue. We regret this, as the *Messenger* is deservedly one of the most popular papers in the State, and its absence, even for one week from its many subscribers, will create an aching void that cannot be filled.

These accidents will occasionally happen in the best regulated offices, and all we can do is to bear it with patience. Better luck to you in the future, neighbor.

ORIGINAL POLITICAL CONUNDRUMS. (*Copy Right Secured.*)—Why is Charles O'Conor a very good grammarian? cause he *declines* so well.

Why can't the Rads in North Carolina get up a Straight Out Democratic Electoral ticket to aid Grant? Because they have *Fagg*-ed out.

"H—ll Broke loose in Georgia" may be newly rendered as follows: Radicalism submerged in the Empire State of the South.

THE SKATING RINK.—We learn that the stockholders of the Oak City Hall Skating Rink intend opening the Rink for the season, for one night in each week commencing on Friday night next, 11th inst. It will also be open for the accommodation of visiting skaters, during each evening during the Fair. This determination of the stockholders will give much pleasure to our young people, who, for some time past, have been urging the opening of the Rink.

DESTRUCTIVE FIRE IN ORANGE.—We regret to learn that the storing barn of R. F. Webb, Esq., of Orange, was burned to the ground on Saturday inst, together with seven boxes of cool cured tobacco stored therein. The barn and contents were insured in the Old North State Fire Insurance Company at Warrenton for $666, but Mr. Webb's loss will be $1,500, over the amount insured. Mr. Webb is a brother-in-law of Rev. A. W. Mangum of this city, from whom we received the information.

APPROPRIATE.—The Firemen's Committee of Arrangements make judicious appointments of sub committes. For instance: we learn that Capt. T. F. Lee, Capt. Thad. Bosher and Gen. John C. Gorman have been appointed a special committee on refreshments, or *wet* groceries.

THE FIREMEN'S JUBILEE.—The Committee of arrangements appointed by the Firemen of the city have adopted the following programme on the occasion of the visit of the Petersburg and Charlotte Firemen, on Monday and Tuesday next:

ORDER OF ARRANGEMENTS.

At two o'clock, P. M., on Monday, the Hook and Ladder and Rescue companies will assemble in uniform at their respective Halls, form line and proceed without apparatus to the N. C. Depot, receive and escort the Bolingbrook Fire Company, of Petersburg, Va., on their arrival at 3 P. M.

The line of march from the depot will be up Cabarrus street to Fayetteville street, and thence to Metropolitan Hall, where the visitors will be received by the Mayor and Hon. Judge Battle, on the part of the city and Fire Companies, after which the companies will reform and escort the visitors to their quarters at the National Hotel.

The line of march from the depot will be in the following order:

On Tuesday the Raleigh Companies, will assemble at their halls at 5 o'clock, a. m., sharp, and proceed, without apparatus to the National Hotel, and there join the Petersburg company, and in the same order as the day previous proceed to the depot to receive and escort the Charlotte companies. After their arrival, the line will be formed in following order:

On Tuesday, at 1 o'clock, P. M., the Raleigh Hook and Ladder Company will assemble at their respective Halls for parade. After forming, each Company will proceed to the National Hotel and escort the visiting Firemen to their apparatus, and form line in front of the Court House, and under the direction of Chief and Assistant Chief Engineer, parade the principal streets, in the following order:

Chief and Assistant Chief Engineer.
Mayor and Citizen guests.
Charlotte Band.
Rescue Steam Fire Company.
Charlotte Hook and Ladder Company.
Petersburg Band.
Bollingbrook Fire Company.
Hornet Fire Company, of Charlotte.
Raleigh Hook and Ladder Company.

At 4 o'clock, P. M., practice of Steam Fire Engines will be had in the Capitol Square, after which the engines and trucks will be housed, and visitors escorted to their quarters.

At 6½ o'clock, the Raleigh Companies will assemble at their Halls and without apparatus proceed to the National Hotel, escort visitors to the Metropolitan Hall to listen to the address of Maj. Seaton Gales, after which the firemen will proceed to the National Hotel for supper.

The Raleigh Companies will turn out for the purpose of escorting the visiting Companies to the Depot, and shipping apparatus on their departure.

Honorary members of the Raleigh Companies are respectfully invited to join in the reception and parade.

THE STATE FAIR.—As usual, Salem will be represented at the State Fair. Our townsman, Mr. Wm. F. Shultz, has been preparing articles for exhibition, and has spared no pains to make them as interesting as possible.

We had the pleasure of examining the articles on Monday last, and were agreeably surprised at the care and industry displayed in getting up a variety of woods of native growth. Some of the specimens were carefully dressed and varnished, and form a rare collection of material for cabinet-makers' use. The elegantly clouded and curled varieties of cedar, walnut, maple and cherry are worthy of particular attention, and for beauty of finish are unsurpassed. Altogether, the collection amounts to some sixty varieties, are neatly dressed, showing their value to advantage.

Besides the above, Mr. Shultz has some twenty pieces of furniture, such as bureaus, secretaries, centre tables, side-tables, easy chairs, &c. Amongst the chairs we noticed some beautiful children's easy chairs which would attract attention anywhere. Also specimens of window sash, pivot blinds, doors, &c., all made by hand and very carefully and exactly put together. This collection will add much to the wellearned reputation of the manufacturer.

Mr. Shultz will also have some fine Italian bees on exhibition.

Other parties will be represented at the Fair, with various *domestic* manufacturers, of Sewing Silk, and Silk and Cotton fabrics, &c.

The Messrs. Fries will exhibit specimens of their excellent Woolen Goods.

Mr. Hege, of Friedberg, will also be on hand with a variety of articles.

Mr. Sink, of Davidson, will exhtbit his fine thoroughbred stallion of the Rockingham and Selcim stock. He is a good specimen of horseflesh.

We hear of other parties, who will be represented at Raleigh, but have no particulars.—*Salem Press.*

In Georgetown, D. C., Saturday night, a jealous negro man, seized his wife and cut her throat, from ear to ear, killing her instantly. The affair caused great excitement among the people of his color.

BROTHERHOOD OF LOCOMOTIVE ENGINEERS.—Captain James D. Hollister, Foreman of the Machine Shops of Separks, Hicks & Co., will leave for St. Louis on Friday next to represent the sub-division of North Carolina in the National Convention of the above named organization.

The Brotherhood is an association of Locomotive Engineers, to elevate their standing as such, and their characters as men, was instituted at Detroit, Mich., in 1863, as the Brotherhood of the Foot Board, and reorganized at Indianapolis, Ind., in 1854, under its present title.—Their motto is "Sobriety, Truth, Justice and Morality," and as an evidence of their integrity in some of the Western States, Illinois, Indiana, &c., where they are best known, the officers of railroads will employ no engineers that are not members of the organization.

To become a member, the candidate must be of *good moral character*; be able to read and write, and must have run a Locomotive twelve months with success, and giving perfect satisfaction to their officers.

The penalty for intoxication is *expulsion*.

Their Organ, "The Brotherhood of Locomotive Engineer's Journal," a very neat publication, in Magazine form, and devoted to the interests of the Locomotive Department of Railroads, is published monthly at Cleaveland, Ohio, by the Grand Officers of the Order.

The Grand Division convened last October in Toronto, Canada, and convenes on the 16th inst., at St. Louis, Missouri.

It is growing quite rapidly, and is doing more to elevate the moral and intellectual standing of the Locomotive Engineers than every other influence beside.

It is the only labor organization in the country that did not take part to some extent, in the late strikes that have proved so disastrous to labor and capital.

One of their fundamental principals, is to discountenance the least approach to strikes or demands, and they invariably stand by it. Any Sub Division deviating from this principle, forfeits its charter.

A RAILROAD SCENE.—North Carolina Railroad—gentlemanly conductor, on his regular rounds through the coach—espies a small white fice dog comfortably stored away in an old lady's lap—he "goes for it:"

Conductor.—Madam, I must collect one dollar on your dog.

The old lady of course, "could'nt see it" by his lamp, strenuously objects to the payment, and in the midst of her appeals for relief from the unexpected obligation the conductor interferes with "sorry madam, but I have my orders and must obey them."

Old Lady.—But you wont be mean enough to make a poor woman pay a dollar on a poor little fice dog.

Conductor—Can't help it madam, my orders (producing his documents,) say nothing of fice.

Old Lady—Then why are you so smart, and try to get my dollar, when the fice aint put down.

This argumeut rather "turned the switches" on ye Conductor, who at the earnest request of the passengers that were attracted to the scene by the loud argument of the old lady, let the "dorg" off.

APPOINTMENTS.—We announce the following appointments for Ovide Dupre, one of the Greeley and Brown assistant electors for the State at large:

Jonesboro, Moore county, Thursday, October 10.
Carthage, Moore county, Saturday, October 12.
Troy, Montgomery county, Monday, October 14.
Albemarle, Stanly county, Wednesday, October 16.
Ashboro, Randolph county, Saturday, October 19.
Chapel Hill, Orange county, Monday, October 21.
Cary, Wake county, Wednesday, October 23.

Other appointments will shortly be announced.

The ladies are respectfully invited to attend.

RELIGIOUS.—We are pleased to learn that the revivals in progress at the two Churches, have been attended with great success, and continue to excite much interest in the city. Since the commencement of the meeting there have been sixty converts at the Methodist Church. We have not learned the number at the Baptist, though we suppose the number is about the same. Mr. Mangum, of the Methodist Church, will receive candidates for membership, and administer the rite of baptism to candidates Sunday morning.

ALL WRONG.—Our usually accurate cotemporary, the Elizabeth City *Economist*, must not only revise its proof when venturing into Latin, but had best supervise its local to see that the copy is itself correct. Attempting to say "*sed inequis passibus*," when it ought to have said "*sed non passibus equis*," (*Ovid* generally quoted instead of *non*, is wrong.) it *does* say "*sed inequies passibus*."

Sergeant Gilbert H. Bates, who travelled through the South with the American flag unfured at a perilous period immediately succeeding the late war, left Saybrook, Ill., on the 30th ult., *en route* for New York and England, through which latter country he proposes to march under the flag the same as he did through the South.

The outsanding currency at the present date reaches close to four hundred millions dollars. Of this three hundred and fifty six millions are legal-tender notes and nearly forty and a half millions fractional currency.

A Berlin letter says that during the reception of the late imperial party there, eight persons were suffocated and trampled to death at night and fifteen more mortally wounded. Mounted police charged the masses at one time with drawn sabres.

WASHINGTON, Oct. 4.

The American and British mixed commission were in continuous session to day from 11 a. m. to 6 p. m., and transacted a large amount of business. After closing the proofs in a large number of cases on the part of the claimants and extending the time in others, the following cases were disposed of:

In the case of Charles Mayhew *vs.* United States No 172, on motion of the U. S. counsel to dismiss, a decision was rendered as follows:

The acts complained of not having been committed between April 13, 1861 and April 9, 1865; the memorial is dismissed for want of jurisdiction.

The following claims, on demurrer by the agent and counsel of the United States, were disallowed:

Thomas Grant *vs* United States, No 211; Samuel and Richard Roberts *vs* United States, No 344; Thos N Crosse *vs* United States, No 350; Elizabeth G Warrenford *vs* United States, No 351; Thomas H Rollason *vs* United States, No 358; Robert Atkins *vs* United States, No 475. Letter from Grant to the Manufacturers.

PHILADELPHIA, Oct. 4.

President Grant has addressed a letter to the manufacturers of Philadelphia, in reply to an invitation to visit their establishments, saying he cannot at present, but at later day when the excitement of political campaign passed, he will take great pleasure in making visits. He closes as follows:—"I feel very great interest in success of manufacturing interest of the country, and their developements, looking upon their growth as necessary to solvency of nation by keeping down the balance of trade against us, and in dignifying labor, and making it remunerative.—You have my best wishes for the success of your respective interest and interests of all manufacturers and producers of the land over until our productions by home labor for exports, exclusive of promises to pay equal our importations or exceed them.

Abandoned Vessel.

NEW YORK, Oct. 4.

James Dugar, who arrived here yesterday from Sydney, Cape Breton, reports that on the 19th of September the schooner Lancaster, on which he was a passenger, fell in with an abandoned vessel on which were found a skeleton crushed in by the falling rigging; also five other skeletons, four of which appeared to have been more recent than the other two. Enquiry seemed to show that all on board perished from hunger. The bow-sprit bore the name of Glannetoon. Two decomposed corpses were found in the forecastle. Another corpse was found in the state room, making nine found altogether. Papers found on board were to be given to the authorities at Syndey, with a view to learning the history of the vessel.

Fire in Escunical.

MADRID, October 4.

Information reached Madrid at a late hour last night that the fire in Escunial had been extinguished. Two of the towers and a portion of the roofing have been destroyed. The amount of damage is estimated at 3,000,000. All the valuable objects which were thought would perish in the conflagration are reported to be safe.

Railroad Disaster in Tennessee.

NEW YORK, Oct. 4.

A Morristown, Tennessee dispatch states that the wounded by the railroad accident near Greenville yesterday number twenty seven, four of whom will die.

The train was crowded, and the escape of the passengers from instant death is almost miraculous.

SPRINGFIELD, MASS., Oct. 4.

An explosion in the Hoosac tunnel this morning killed Michael Cunningham, and badly injured Stephen Mc Carthy, and hurt several others.

MIDNIGHT DISPATCHES.

New York Affairs.

NEW YORK, September 4.

The Conscience Fund has received two thousand dollars from a person in Hamburg.

Watchman employed by the Government do not come within the eight hour law.

The State Department has no official advices about the San Juan boundary.

The Secretary of State, Secretary of War and the Postmaster General were only at the Cabinet meeting to day.—Ordinary routine of business was transacted. The *Star* says the total amount of legal tenders outstanding amounts to three hundred and fifty six million dollars. The law authorizes the issue of four hundred millions, thus leaving forty four millions reserve in the Treasury which the Secretary can issue at his discretion. It will thus be seen that the Secretary is not at the mercy of the New York stock gamblers as might be supposed from the small currency balance which appears in the daily cash statement. The Secretary does not anticipate an emergency which will render it necessary for him to draw on this reserve. But should one arise he will do so to the fullest extent necessary.

Senator Wilson in Cincinnatti—He Speaks a Piece.

CINCINNATI, Oct 4.

Senator Wilson was introduced on Change to day by the President of the Covington Chamber of Commerce. He was received with great enthusiasm, the announcement of his presence being followed by prolonged applause. He spoke briefly, entirely ignoring politics, and congratulating merchants upon the prosperity of Cincinnati, and of the State through which he said he had recently travelled, everywhere seeing evidence of progress.

After the conclusion of his speech he was presented to a large number of the members of the Chamber of Commerce, and was finally in company with the President of the Industrial Exposition, and President of the Chamber of Commerce, escorted to Exposition Hall.

Destructive Fire in New Jersey--Heavy Loss.

NEW YORK, Oct. 4.

At 1 o'clock this morning a fire broke out in Watson's Machine Shop and Silk Foundry in Patterson, and by five o'clock, only the walls were left standing. It is not known why the fire was allowed to gain such headway. The total loss is estimated at $150,000. Loss on the Foundry was $110,000, and on the Silk Mill, $40,000. The latter was insured for $30,000. Insurance on the Foundry unknown. Another account states the total loss at $400,000, but it is believed that this is an exaggeration. The origin of the fire is unknown.

Troubles on the Frontier--An Engagement Between Texians and Mexicans.

NEW ORLEANS, Oct. 4.

A San Antonio specials reports that a party of Texans followed a band of Mexican cattle thieves into Mexico, and attacked them at Newton. Two Texians and several Mexicans were killed. The Texians burned Alcaldes' house, with him in it. On Monday, two hundred armed Mexicans appeared on the Mexican side of the river, opposite San Felipe. Lieutenant Davidson, with a company of troops from Fort Clark, was ordered to watch their movements.

Bricklayers on a Strike—Work Suspended.

CHICAGO, Oct. 4.

A proposition of employing bricklayers to reduce wages last night, was met by a demand from bricklayers for four dollars for eight hours work, and fifty cents per hour for extra work. One thousand men obtained their demands this morning, and four thousand are on a strike. Work is suspended on Michigan Southern Depot, and the Pacific Hotel.

Weather Report.

WASHINGTON, Oct. 5.

Over the northwest and the upper lakes partly cloudy weather with northerly to easterly winds. In the Mississippi and Ohio valleys, generally clear weather and southerly to westerly winds, veering to westerly and northerly on Saturday. On the South Atlantic, southerly to westerly winds with clear weather.

The colonization scheme reveals the fact that many small-pox patients have disappeared from Washington city. Possibly some of them have come to Harrisburg. The Board of Health should be on the alert and introduce such measures as will prevent the disease from spreading.—*Harrisburg Patriot.*

THE GREAT VICTORY IN GEORGIA.

Our victory is more complete in Georgia than the first dispatches indicated.

Our Georgia exchanges just before the election, for various reasons given by them, did not anticipate such an overwhelming triumph.

There was such a feeling of confidence on the general result it was feared many would not go to the polls, and hence it was calculated our majority would be much reduced.

But the people everywhere turned out nobly, and the result has been more glorious than the most sanguine expected.

Our noon dispatches of yesterday gave us no information about the election, but we will probably get farther particulars through our midnight telegrams.

Thus far the Radicals have carried only four out of seventy counties heard from—and these embrace some of the strongest negro counties.

There are seventy-six counties yet to hear from—which will increase the Democratic majority to forty thousand. Some claim as high as fifty thousand.

At the election last year for Congressmen, the net Democratic majority was twenty-five thousand. Our friends did not expect a larger majority than that this year.

On the whole Georgia has done nobly, and we congratulate her upon the signal and glorious triumph.

Mr. Charles [illegible] the [illegible] st[illegible] ect[illegible], the

THE MEETING ON THE 10TH.

We notice that the Wilmington *Journal* of Wednesday, announces that the meeting of the State and Congressional Conservative and Liberal Republican Committees will be held in this city on the 20*th* of October.

This is a typographical error which may mislead some members of the Committee, and therefore we would suggest to the *Journal* the propriety of making a correction of the date. The meeting will be held here on the 10th, not the 20th.

This will be an important occasion, and we hope to see a very full attendance.

At a similar meeting, held in Richmond Oct. 1st, to organize the Greeley party in Virginia, a resolution was adopted, urging the superintendents of Townships and wards to appoint the necessary working Committees, who shall procure a list of the Conservative voters in their respective Townships and wards, and so provide that each voter shall be seen before the day fixed for the Presidential election, and be urged to attend the polls on that day, and if necessary be aided in so doing.

We think a similar course ought to be adopted by the meeting to be held here on the 10th.

At the last election, over twenty thousand voters remained away from the polls. Nine tenths of these were no doubt Conservatives. If they had been seen and appealed to just before the election, it is certain that many of them could have been induced to attend the polls.

Our County Committees should have a registered list of every Conservative voter in each County, and then we would know where to work and how to go about it.

As it is, our organization is imperfect and inefficient, and will continue so until some practical plan of operations is adopted and adhered to.

In organization there is strength.

Without organization, we are like a ship at sea without compass or rudder.

There is no reason why every County in North Carolina should not be under thorough, political organization.

AN EXAMPLE WORTHY TO BE FOLLOWED.

There is no reason why North Carolina should not give as strong a Conservative majority as Georgia.

We have nearly fifty thousand majority of white voters in this State, and yet by supineness and neglect, we permit our opponents to seize the palm of victory when it is in our grasp.

Men who profess to be opposed to the Radical party and its doctrines, stay at home on election day, and thus fail in one of the most important duties of the citizen.

We cannot reasonably account for this. It is strange—passing strange.

Let North Carolina follow the noble example of Georgia.

Let her redeem herself in November by giving Horace Greeley twenty thousand majority for President.

There is no earthly reason why we should not do so.

It is a burning shame and disgrace that our people exhibit so little interest in their own welfare and prosperity, as well as in the character and honor of the State.

We call upon the opponents of Radicalism in North Carolina to bestir themselves.

See what Georgia has done. And what Georgia has done we can do, if we only make the effort.

ORGANIZE FOR VICTORY.

For the want of organization in this State, twenty thousand Conservatives stayed at home at the August election.

Let the Conservatives and Liberal Republicans who are to meet in this city on the 10th inst., organize for a grand victory in November.

It will not do for North Carolina to be lost to Greeley.

We have but a short time to work before the election in November, but within that time a great deal can be done.

There are but few Counties in the State that have efficient Committees.

We must see to it that every County does its duty. One County may lose us the State.

Let us organize for victory. Our political adversaries are counting on an easy race, on account of the apparent apathy in our ranks.

Let us disappoint them Let our people rise up in their strength and press on to a glorious victory.

"CASH AND CARROW."

We call attention to an article with the above caption from the Washington *Patriot*, which we copy in this morning's NEWS.

The annual expenses of the Federal Courts in North Carolina heretofore did not exceed over ten thousand dollars. Marshal Carrow now draws two hundred and twenty-nine thousand dollars to pay the same.

Twenty thousand dollars additional have recently been drawn by Carrow for the new District in North Carolina—making two hundred and forty-nine thousand dollars, as the total expenses of the Federal Courts in this State, when from five to ten thousand were considered ample heretofore for that purpose.

But such is Radicalism.

Sir Sydney F[illegible] Waterlow has been elected Lord Ma[illegible] of London.

OVIDE DUPRE, ESQ.

It will be seen from the appointments of this gentleman, who has been selected assistant Elector the State at Large from this District, that he will soon enter upon an active campaign for Greelev and Brown. He will make other announcements in a few days.

Mr. Dupre is a young gentleman of decided talents and an earnest speaker. He will doubtless make an impression wherever he goes.

We commend his example to other Electoral appointees, and trust to see in a few days, the true sons of the Old North State rallying to the rescue of the country, and appealing to the indifferent and lukewarm to awake from their slumbers and gird on their armor.

THE FIRES KINDLED IN OLD MECKLENBURG—GRAND MASS MEETING AT ALEXANDRIANA ON THE 17TH.

We return our thanks to Capt. R. P. Waring, Chairman of the Committee, for the following invitation to attend the grand mass-meeting at Alexandriana, on the 17th inst.

As Capt. Waring truly says; "It is meet and proper that we should in this emergency recur to first principles."

Under the despotism of the Radical Administration, the fundamental principles of our Government have not only been lost sight of, but have been ruthlessly trampled down by military power.

We are glad to know that old Mecklenburg is aroused to the vital necessity of preserving the great principles of true Republican Government, and that on the seventeenth instant, her gallant sons will meet at the birth place of American Independence, for the purpose of taking counsel together, at this important crisis of the nation.

We regret that it will not be in our power to attend. Under its efficient managers we doubt not the occasion will be a grand and imposing affair:

CHARLOTTE, N. C., Oct, 3, 1872.
Editor Daily News, Raleigh, N. C.

DEAR SIR: It is proposed by the friends of Greeley and Brown to hold a mammoth mass meeting at Alexandriana, on the Rail Road, 10 miles west of Charlotte, on the 17th inst. This is the spot where the patriots met at night to perfect those measures which resulted in the Declaration of Independence, in Charlotte, on the 20th of May, 1775. It is meet and proper that we should in this emergency recur to first principles—and here is the place, and now is the time to enkindle the fires on liberty's sacred altar. As Chairman of the Committee of Invitation, I cordially invite you to attend and participate in the meeting.

Very respectively and truly,
R. P. WARING,
Chairman Com. Invitation.

CAMPAIGN NOTES.

Horace Greeley's term of President will not be disgraced by Black Friday scandals, gift enterprises, sales of offices or the shame of nepotism.

It is estimated that fully 75,000 people participated, as spectators and in procession, in the Indianapolis ovation to Greeley on Monday night.

The Philadelphia *Evening Telegraph* whiningly deprecates the gross personalities of the campaign, and proceeds at once to denounce Mr. Buckalew as a traitor and incendiary!

Judge Requier struck the right chord when he declared "that a man who sold his vote was a greater traitor to his country than he who assailed his Government with a gun in his hand."

Governor Blair, of Michigan, whose eighteen years' residence in the Republican party ought to make him good authority on the subject, says that "Grant's administration is the most corrupt one this country has ever had.'

Indiana friends assure us that negro colonization from Illinois are going on rapidly. They do not believe, however, that even this can prevent them from carrying the State by a handsome majority.—*N. Y. Tribune.*

The Long Branch Administration has gone into winter quarters at Washington. The bull pups, horses, carriages, Horace Porters, and all the rest of the Presidential train are announced as having been expressed from the seashore to the Capital.

The Grantities have been busy circulating stories concerning the loss of subscribers by the New York *Weekly Tribune* since Mr. Greeley's nomination for the Presidency. The *Tribune* of yesterday answers these yarns by stating that since July its circulation has increased 21,500.

Governor John M. Palmer has taken stump in Indiana, and his speech at the Indianapolis shows how effectively. The stout-hearted and loyal Republican Governor has the highest right to speak authoritatively of the rights, privileges, and duties of Republicanism; he is of the original stamp, and rejoices to defend his position in national politics.

The belief, founded on good evidence, is very general in Wall street that President Grant, his Secretary of the Treasury, and some other high officials were parties to the Black Friday swindle of 1870 in its inception, and until they became alarmed by public clamor into demonstrations against it.—*N. Y. Tribune.*

A letter received here last week, from a member of the city government of Annapolis, says that negroes by hundreds are being run into Pennsylvania by representatives of the Cameron Ring, to vote there on election day. The inducement held out to them is continual work on the railroads and fair pay.

Each voter in Pennsylvania will be required to handle and deposit, separately, six tickets in the October election. This may bother the average homebred voter, but the gentlemen who have gone from the Potomac and beyond, to "work on Simon Cameron's road," will be especially instructed.

The Hon. Samuel S. Cox, writing after a tour through fourteen of the New York Midland Counties, says that the canvass is going all one way." "It is a remarkable fact," he adds "that the cream of these dairy counties is for H. G. There is an average of six hundred Liberal Republicans in every county I have been [illegible]eaking in."

The Hon. Willis B. Machen, who has been appointed by the Governor of Kentucky to fill the unexpired term of the late Garret Davis in the Senate of the United States, was a member of the Confederate Congress from Kentucky. Mr. Machen is between 50 and 60 years of age, his hair being well whitened with years, and is of a dignified, carriage and impressive demeanor.

Senator Trumbull had a very large and intelligent audience at Hillsboro', on Thursday. Delegations were present from all the surrounding towns. The meeting at the fair grounds was preceded by a reception at the chief hotel, where thousands thronged to congratulate the Senator. In the evening a large meeting was addressed by local speakers and an imposing torchlight procession closed the proceedings.

The great moral of the Credit Mobilier and Oakes Ames' exposures is well stated by George Alfred Townsend in his Chicago *Tribune* correspondence: "The giving away of the public lands, and the subsidizing of roads and ships, will, in the end, corrupt every Congressman of both parties. It is an easy road to livelihood, but it puts distinguished character at the mercy of merely mercenary litigants.

Cash and Carrow.

The people at large have a very imperfect idea of what it costs to run the machine of government; how millions are squandered under fraudulent pretexts, and how false official statements are made up to deceive them, after their money has been "collected." Year after year these abuses multiply; members of Congress are enriched by the process; rings enlarge their power and selfish grasp, and yet all the while men rise up in the Senate and House of Representatives, with audacious front, and claim credit for wonderful economy. The expenses of every department of the public service have increased enormously, and without any just proportion to population or the natural growth of business.

Last year, three millions of dollars were appropriated for the expenses of the United States courts. As this vast sum exceeded all experience, a pretence was found for it in the enforcement and Ku Klux acts, although it was notorious at the time, that the money was designed for partisan purposes. Half a million was previously more than adequate, for all the judicial expenses, but it was jumped to three millions, and will probably never decline, until reform compels a change. Large as this grant was, however, it did not fill the voracious maw of the greedy marshals and others, who took good care of their own pockets in making it.

The three millions are gone, and still the bills come rushing in with demands for more. In this dilemma, the First Comptroller of the Treasury has issued a circular, telling the marshals who were not enterprising enough to draw excessively, that their accounts must remain unsettled until those who had done so shall repay (hopeful reliance!) or Congress supply the deficiency.—Here is the official consolation:

TREASURY DEPARTMENT, }
1ST COMPTROLLER'S OFFICE, July 31, 1872. }
1872, Department No. 30, First Comptroller's Office.

SIR: The requisitions for money to defray expenses of United States Courts during the fiscal year which ended on the 30th ult. have exhausted the amounts appropriated. I regret that, owing to the deficiency, your unsettled account for services in that year cannot be paid at present. The sums drawn by several of the Marshals have proved to be in excess of the amounts needed by them, and their balances will be repaid. When deposited and covered into the Treasury, the amount will be used in the payment of accounts. If the repayments be insufficient for this purpose, additional means will doubtless be provided by Congress at its next session. The information above given will save you the trouble of writing to this office relative to the delay in the settlement of your account.

Very respectfully,
Your obedient servant,
WM. HEMPHILL JONES,
Acting Comptroller.

The acting Comptroller ingenuously admits that the several sums drawn by several of the marshals have proved to be *in excess* of the amounts needed by them." How this came to pass is not told, and we supposed that such drafts were regulated by fixed rules, which protected the Government and prevented any excess." But it seems not, and this laxity may serve to explain, how Marshal Carrow, of North Carolina, came to draw on the eve of the election tens of thousands, which were expended upon deputies and other agents scattered over the State. The cost of the Federal court in North Carolina, had usually been about five thousand dollars, and rarely reached ten, and yet Carrow, at one swoop, carried it up to a quarter of a million, or about half the expense of the judiciary for the whole United States, before the new partisan machinery was invented under Grant! Carrow was one of the chief managers of the Administration at the election in August, and spent money freely in every direction to promote the success of its ticket. With these facts for a basis, it is hardly necessary to ask who supplied the sinews of war. This is the way the public expenditures are kept up to the present high figure, war taxes are levied, and the people oppressed with unjust burdens, in order to maintain a party in power without principle or integrity.—*Wash. Patriot.*

STATE MATTERS.

HILLSBORO had frost on the 2nd.

SEED cotton sells in Elizabeth City at 4½c.

THE price of gas in Salem is $10 per thousand feet.

DURHAM will soon have a full fledged band of "tooters."

AN interesting revival of religion is in progress at Winston.

THE Salem brass band has been engaged for the Charlotte fair.

JUMPING mullets are taken from Pasquotank river in large numbers.

A REVIVAL of religion is in progress at the Methodist church in Hillsboro.

THE *Plant* says that business is flourishing and money plentiful in Durham.

BEEF venders in Salem decorate the horses that draw the carts with sleigh bells.

MISS JEANIE PATTERSON, is delighting the citizens of Hillsboro with her superb readings.

HON. C. L. COBB was married on Wednesday last to Miss Pattie Pool, of Elizabeth City.

SQUIRREL hunting is the favorite amusement of the juveniles around Elizabeth city.

WATER in the Dismal Swamp canal is growing scarcer by degrees says the Elizabeth City *Economist*.

LOCAL items are scarce in Elizabeth city, judging from the space used in the *Economist*, to discribe a dog fight.

Evans, of the Hillsboro *Recorder*, is good on fits. He treated a case with cold water at Durhams, on Tuesday.

THE good looking young local of the Durham *Tobacco Plant* is pining for a "hop" ere the *peach* season closes.

A STALK of corn 17½ feet high, raised on the farm of Mr. Cole, of Orange, has been sent to the office of the Durham *Tobacco Plant*.

THE lower rooms of the *Economist* building in Elizabeth City, are being fitted up the energetic proprietors of this sterling weekly for a book and magazine store.

THE tobacco barn of John Naice, of Granville, was burned to the ground on the 14th inst. It was insured to its value in the Old North State Fire Insurance Company, of Warrenton.

THE Winston *Sentinel* chronicles the departure of Jesse Holmes, the "fool killer"—off on a business tour. It will be some time before he gets to Raleigh and Syme may rest easy for awhile at least,

MRS. POLLY CALDWELL, living three miles from Greensboro, formerly a Miss Clancy, and sister to the late Thomas Clancy, of Hillsboro, was paralyzed and struck speechless after she had eaten her breakfast Saturday morning while sitting reading her Bible.

"YE local" of the Elizabeth *Economist* does it up nicely in a rag—hear him:

"The forests are putting on the sombre done brown hue, and the falling leaf, so typical of human life, "points a moral" to the meditative mind."

Couldn't you take that back and give us two halves for it.

A GRANVILLE correspondent of the Hillsboro *Recorder* says the planters are going to abandon coal and cure tobacco with flues, which is a great saving of time, trouble and expense. A gentleman in Granville has invented a patent flue with pipes running through the barn, the steam being regulated by a damper. The time is not far distant when curing tobacco will be reduced to a science.

THE children of Greensboro seem to have been in a hard row of stumps during past week. One little fellow at Miss Porter's school got both arms broken wrestling; one fell out of a tree at Toy's school; a little darkey fell out of a second story window and killed him; a child of a Mr. Tremble fell out of a porch and knocked the breath out; and a child of John Reese slipped up and fell on the floor and injured its hip bone seriously.

SAYS the Hillisboro *Recorder*: Old Miss Mary Durham, a little crazy, and out in the poor house of this county, was kinder convalescent and put on her Sunday clothes and went to Antioch to the big meeting and soon professed religion. She came back home shouting at every step and scareing the merry warbling birds to death, and in her delirium she fell a foul of an old lady who was in bed and "feeling mity feeble," and choked the poor old creature so bad that she has since ascended the spout. That's the report in town to-day.

SOME two years since a colored man by the name of Washington Hussey, who had been convicted of the crime of rape upon the person of a young white girl, in South Carolina, and sentenced to the Penitentiary at Columbia for fifteen years, succeeded in making his escape and has since been at large. A few days ago a description of Hussey was sent to Mr. R. L. Sellars, of this city, and yesterday, at the foot of the Market House, he met an individual who answered it. He took him into a barroom and gave him a drink, which loosened his tongue somewhat and Mr. Sellars soon discovered that he was on right track and the prisoner was consequently lodged in jail to await a requisition from the Governor of South Carolina.—*Wil. Star.*

DEATH OF WM. PRESCOTT SMITH.—The telegraph announces the death, in Baltimore, of Wm. Prescott Smith, a gentleman who, in connection for many years with the Baltimore and Ohio railroad, and more recently as general superintendent of the through line between this city and New York, has endeared himself to the travelling public. Probably no man connected with our railroad system was more generally known or personally popular. A short time since he severed his connection with the through line, and resumed his connection with the Baltimore and Ohio road. His loss will be mourned by the public and keenly felt by the officers and employes of the road.

Daring Robbery In Paterson—A Man and His Wife Tied Fast While the Burglars Go Through the House.

Mr. Samuel Pope, a wealthy citizen of Paterson, living on Broadway, in the suburbs of the city, was awakened about eleven o'clock on Monday night by somebody in the room, and almost dumbstruck by the appearance of five men standing at his bedside with drawn revolvers. Two more stood at the window, apparently on guard. They were all well dressed and all wore black masks except one of the party, who had a white one.

Mr. Pope was informed in a gentlemanly and polite manner that no harm would ensue if he but remained quiet, a warning, it is unnecessary so say that under the circumstances he obeyed. He was then tightly bound with his hands behind his back with a piece of strong tarred rope and his feet were tied together. He was then put into a closet under the stairs, against the door of which were placed a sack of salt and a keg of nails. The robbers in the meantime bound Mrs. Pope hand and foot, performing the operation in a tender manner, and even with delicacy. She had been permitted to remain in bed. The thieves then found the key of the safe, through which a part of the gang went, while others examined other parts of the house for valuables. They succeeded in getting some $3,000 in money, diamonds, watches, jewelry and silver ware, and $7,000 worth of railroad bonds and other valuable documents from the safe, including a number of mortgages, to over ten thousand dollars, although the stopping of the payment of the bonds will reduce the thieves reward to about three thousand dollars. During all the time of the robbery, which lasted an hour and a half, Mr. and Mrs. Pope were constantly reminded of their fate should they make any noise, although, as the house is located at some distance from any other, it probably would not have made much difference. There were others outside on guard, so that the party in all must have numbered ten men. They wore stockings outside their boots, and all carried pistols and pieces of sperm candles for lights.

When ready to depart the cool robbers went up stairs and brought down Mr. Pope's little adopted daughter, quieting the child's alarm by telling her to be quiet and no harm would befall her. They then instructed the child not to untie the thongs of her parents until they had been gone some time, and departed in a barouche, in which they had come, taking with them Mr. Pope's guns and pistols. Who the thieves were is a mystery, as no trace of their identity has yet been discovered. They were very polished in their address and had soft hands, unused to hard work. Even Mr. Pope gives them credit for the neat manner in which the thing was done. It is believed that the robbers are persons well acquainted with Mr. Pope and his business. That gentleman had expected to receive a cash payment of $30,000 on Monday afternoon, which the thieves no doubt knew about and expected to bag. But the payment, for some reason or other, was not made, and the burglars did not get the amount, fortunately. They took the precaution to poison Mr. Pope's watch dog before going in the house. They made their entry through a window leading on the piazza. It is one of the most daring robberies ever perpetrated in Paterson.

PAYMENT OF THE ALABAMA CLAIMS.—If a proposition already made by a member of the British Parliament is not carried P out to pay, as soon as Parliament convenes, to the United States the sum awarded at the Geneva Conference, the State department will advise Congress, through the President, to anticipate the award by a direct appropriation out of the Treasury. Inasmuch as the money is to be paid by Great Britain, imperatively, into the Treasury on or before the 14th of next September, an appropriation by Congress is required any way, to distribute the award, and there is, therefore, no reason why the claimants should not be paid at the earliest practicable moment. The impression that has prevailed in some quarters that no money would be paid out until the total amount of claims allowed against the government by the American AngloClaims Commission in session here was printed, and a balance rendered, is quite erroneous. The treaty makes the claims under the Geneva award entirely independent.

THE PRESIDENTIAL ELECTION.—The Presidential election will not take place in all the States on the same day, as seems to be generally imagined. It will begin in Louisiana on the 4th of November. All the other States except Texas will follow with their votes on the 5th, and Texas will close up the business with a four days' election from the 5th to the 8th, inclusive. Louisiana is required to vote on the 4th—one day before the other States—by a special act of Congress passed at the last session. Why this enactment was passed it is hard to conjecture, unless for the reason that the Administration party want to use their expected victory in Louisiana to assist them in other States. The four days' voting in Texas is simply a device adopted by the Radical legislature of that State several years ago for trotting negroes from one precinct to another, and thus increasing the Radical vote.

ARREST OF A SUPPOSED FORGER.—A man named J. P. BUSHONG, attempted to get money on a $6,000 check, which he had deposited at the Mercantile Bank of Norfolk, Va., but the Cashier of the Bank, Gilbert Elliott, Esq., having reasons to believe that there was something wrong, gave information to the Mayor which led to Bushong's arrest, and he is now in custody, to await a judicial investigation. He hails from Galveston, Texas, but a telegram was received from there, that no such person lived in Galveston.

THE WRONG ROOM.—A couple from the backwoods of Tennessee arrived at Nashville on their bridal tour, and on calling for a room were shown into the elevator, which they in their innocence took for a bed-room. When the servant, who had gone for some matches, returned he found them partially disrobed and expressing their dissent at the closeness of the room and the scanty sleeping accommodations.

So far 1,107 Confederate soldiers, or at least what remains of such, from the vicinity of Sharpsburg, have been received at Hagerstown, Md., and buried in what is called Washington Cemetery.

SPECIAL FEATURES AND ADVANTAGES.

1st. No restriction on Residence or Travel.

2d. No extra charge on lives of Females.

3d. Policies incontestable after Five Years

4th. The rates of Interest on the Funds of the Company are higher than those on the Funds of Companies located in other States, thus insuring larger Dividends to Policy Holders.

5th. The Directors and Officers of the Company are prominent NORTH CAROLINIANS, who are KNOWN to be men of INTEGRITY and WORTH.

6th. The Company is established on a solid and permanent basis, steps having been taken to increase the Capital Stock to $500,000.

7th. ALL THE FUNDS OF THE COMPANY ARE INVESTED IN THIS STATE AND CIRCULATED AMONG OUR OWN PEOPLE. This fact should commend the Company, above all others, to North Carolinians. It is well known that hundreds of thousands of Dollars in Life Premeums are annually sent North to enrich Northern Capitalists, thus continually draining our people of immense amounts which should be kept at home. On this ground the friends of this Company confidently appeal to every son of the Old North State, and ask their support for this HOME INSTITUTION, which, while it offers substantially all the advantages of Northern Companies, helps to build up HOME INTERESTS.

FOR SALE

—AT—

AUCTION!

That Splendid property, on Newbern avenue, in the city of Raleigh, known as

"IDLEWILD,"

(The former residence of the late John Cotton), is offered for sale.

The dwelling is the largest and most perfect private residence in the city, containing fifteen rooms, as follows: One 22x22, five 22x22; seven 20x20; two 15x12, and large halls; a passage way 48 feet by 10. The house is two stories, with dressed basement, upper and lower porches with large columns on each side. All the necessary out-houses, stables, carriage house, &c, &c, are on the premises.

The lot contains about three acres including a large garden with the most magnificent oak grove surrounding the residence to be found in the State; a most beautiful and sloping lawn of ample depth and width fronts the dwelling. This property is the most desirable in the city—situated on an elevation of some fifty feet above the Capitol; the healthiest and most attractive and growing part of the city; the grounds, fences, resience and out-buildings are in the most perfect order—not one dollar is required to be spent on same.

The above valuable property will be offered for sale at the Court House door in Raleigh, on Wednesday, October 16th, at 12 o'clock. Terms easy.

N. B.—This property has been highly recommended for a Boys' Civil or Military School; an institution of both kinds badly needed at this point.

VALUABLE LAND FOR SALE

IN THE

COUNTY OF WARREN.

I offer for sale, five hundred and two (502) acres of land, situated in the county of Warren, on Shocco Creek, adjoining the Sulphur Springs. Tract of Col. J. M. Heck on both sides of the Turnpike Road, leading from the Sulphur Springs to the flourishing Town of Ridgeway, on the Raleigh & Gaston Railroad, and nine miles from the latter place. There is an Overseer's house, three cabins, corn-crib and stables on the premises. About one-fourth (¼) of the tract is in original growth of oak, hickory, &c., one-fifth in second growth pines. The soil is sandy, loam and chocolate—surface undulating—well watered, and about 80 acres of rich bottom land. It yields excellent crops of corn, tobacco, wheat, oats, clover, &c. This is one of the best tracts of land in this section, and will be sold on reasonable terms.

Dr. George Fields, who resides near the land, will take pleasure in showing it to persons wishing to examine it, and is authorized to negotiate for its sale.

SATURDAY.....OCTOBER 5, 1872.

OCTOBER'S SONG.

"O deep brown eyes," sang gay October,
"Deep brown eyes running over with glee;
"Blue eyes are pale, and gray eyes are sober;
"Only brown eyes are the eyes for me.

Black eyes shine in the glowing summer
With the best of rose and yellow of corn;
But cold they close when the still late-comer,
Silver frost, creeps over the morn.

Blue eyes shimmer with angel glances,
Like spring violets over the lea—
But oh, my Grapes, my Wines, and my dances,
What have angels in common with me?

Go, Gray Eyes! What know ye of laughing,
Giddy with glee from the mere sunshine?
Go to your books! What know ye of quaffing
Luscious juice from the riotous vine?

All the earth is full of frolicking;
Growing is over; harvest is done;
All the trees are ready for rollicking,
Growing scarlet with rustical fun.

Stay, Brown Eyes, in the purple weather,
A crown of oak-leaves with maple blent
Shall deck your brow, while gayly together
We two shall wander to heart's content."

October's wild voice was singing

AGENTS WANTED

In every county in North and South Carolina. Unparralleled inducements offered to Agents, larger commissions being paid than is done by any other Company.

This Machine is particularly adapted to those persons who are unable to purchase one of higher priced Machines, the prices ranging from $25 to $55. The UNION SHUTTLE is the only low-priced Lock-Stitch Machine that has any claim of merit in it. It stands without a rival for its durability, strength and firmness of finish, making, at a low price, a Sewing Machine equal to the highest priced ones, and, in some respects, superior to them all.
